

USER INTERFACE DEVELOPMENT

LAB 7

BEFORE THE IMPROVEMENT / AFTER THE IMPROVEMENT

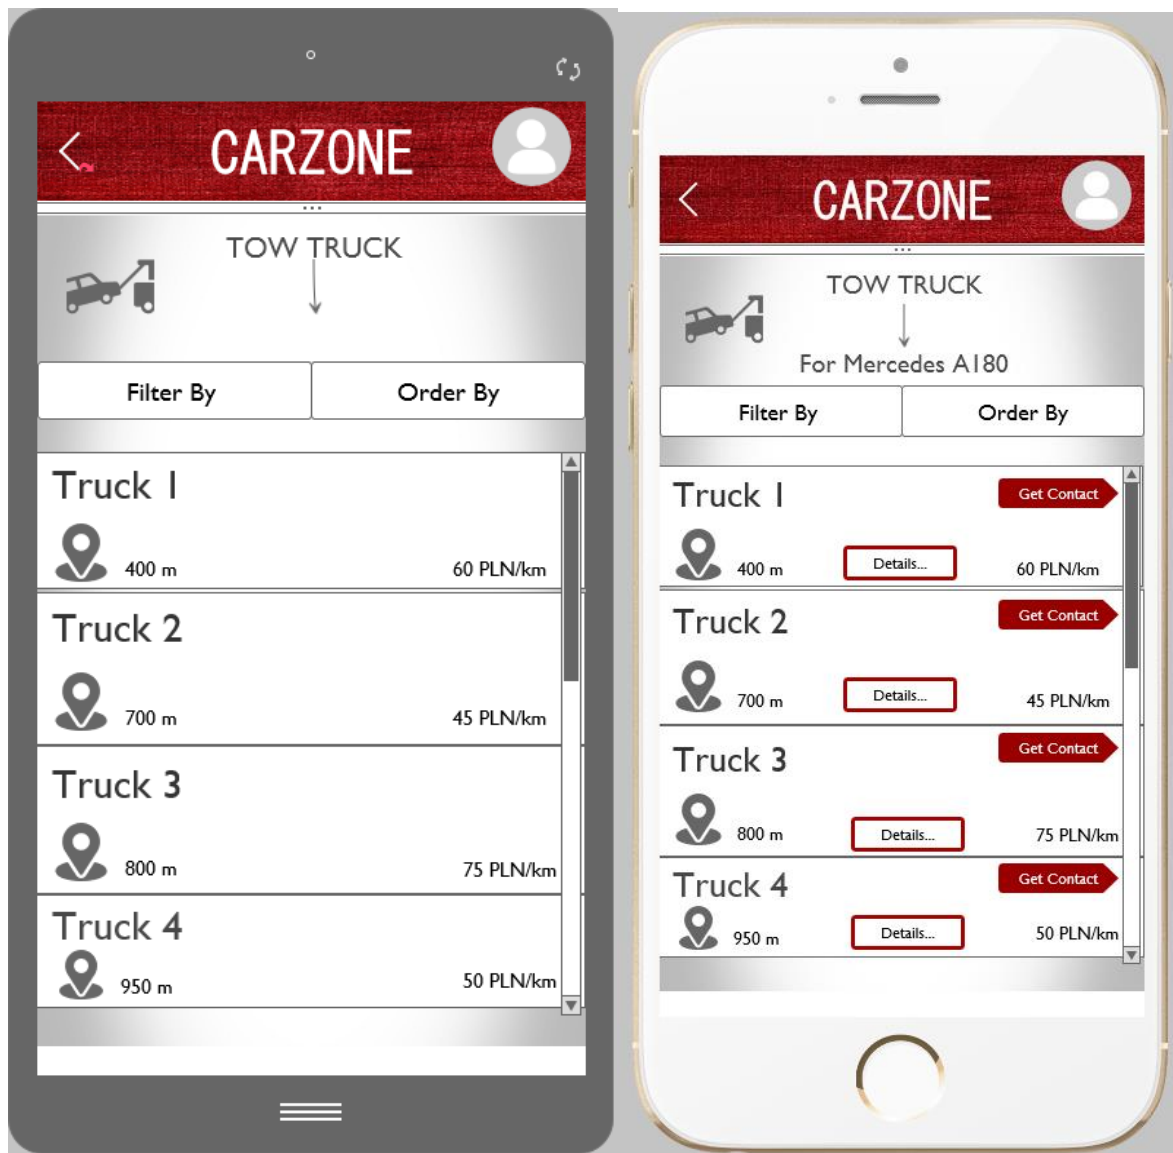

After the feedbacks from users , we did change some pages.

1--> HOME PAGE - SEARCHING PART and COLOR of BACKGROUND

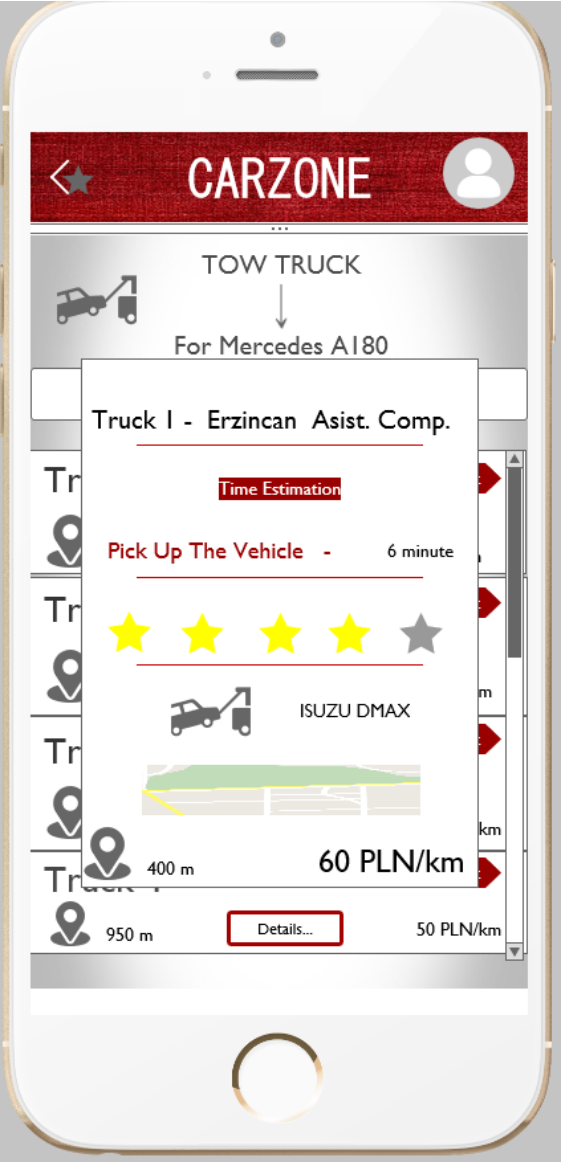

Colors and especially searching part. Because text on the searching part was not clear to understand its content. And also colors were tiring on the eyes.

2--> Tow Truck Page -

Adding Details Button and Searching for tow trucks according to the selected vehicle.

3--> Searching Product , service...

When searching something. It will search according to car model which is added user informations. Adding details, map, star grades about shop, contact and website directions. Also Filter By, Order By added.

USER STORIES

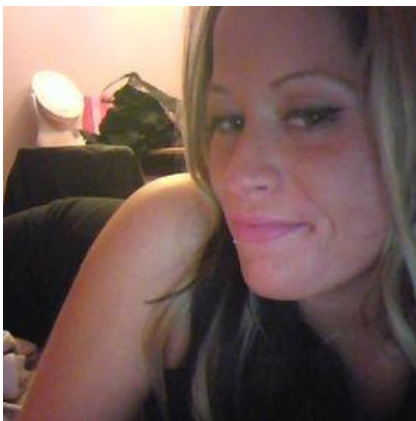

1-)

His name is Alex Olmo. 35 years old, married with two children. He is an electrical engineer and works as a project manager in a private company. He loves driving and has a lot of interest in cars.

And one day something happens to him as he drives home He notices that the right headlight bulb of his car is not lit. And this is really dangerous, both for himself and for other drivers. He needs to change it as soon as possible, especially before wheather gets dark, but since he does not have a headlight bulb, he needs to buy it somewhere. He's not sure where to buy it or where to trust it, so he needs to research it in detail.

2-)

Her name is Laura Kessie. 32 years old, married with no children. She is working as a financial consultant for a product marketing company. Although Laura doesn't like to drive, she prefers car instead of bus or taxi etc. because the company gives her a car. Because the car is both luxurious and comfortable compared to other options.

And one day something happens to her as he drives company. Strange noises are heard from the front of the vehicle when driving as usual. Even though these sounds make her nervous, she continues to drive the car. Then a big noise sounds and the vehicle stops working. She suddenly goes into the safety lane and thinks about what to do. She doesn't know the insurance company either and she needs a reliable tow truck.

3-)

His name is Martin Bratko. He is not married and likes to live alone. He does not have a specific profession, he usually works in free space, wherever he wants. For this reason, he has a lot of time for his own hobbies. And for one of his new hobbies, off-road, he goes to the forest, which is often muddy areas.

And one day he goes to the forest again. The weather is cold and rainy, there is exactly what he wants. He does not know exactly this forest he go to for the first time and begins to explore. He sees a large mud in the distance and thinks it might be a hole. Honestly, this excites him and he is going fast to the pit. And just at this time, his tire explodes. He doesn't know what to do because he has never changed tires before. He needs something that can explain this situation to him.
