### **FIRST Story**

**Ali is the truck driver and he works and go different countries. He is on travelling through to the Bulgaria. He wants to buy carpets for his truck and he have to find place where he can buy truck carpets. He can't ask everyone because of difference of language and wasting time.**

### **Second Story**

**Ewa is a student in Wroclaw. She usually borrows a car and to explore another cities. Her problem is that she does not control the vehicle sufficiently before she drives, so something happens to her. And one of these events is that the wiper water is running out, and because of this, she cannot see the road well enough and falls into the pit and her tire is punctured. Even she doesn't know insurance of car and also doesn't know how to change tire. Waiting help from someone who goes on the road really wastes her time so much.**

### **Third Story**

**Bartek is security of student dormitory and he is going to Poznan from Wroclaw. When he is on the road, there is a malfunction in the car's transmission and he can't drive on this situation. He needs to get support immediately.**
